District: _____

com20____ - _____

Exterior changes to all properties within Baltimore City's historic districts, and local Landmark structures must be presented to the Commission for Historical and Architectural Preservation (CHAP) for review and approval, before a building permit can be issued.

Guidelines are available to assist you with your renovation or restoration efforts; these serve as standards for all CHAP decisions with regard to your architectural plans. The staff at CHAP is available to aid you in obtaining the required CHAP Notice-To-Proceed. An appointment is recommended for larger projects, or if design and/or planning advice is requested. In addition, prior to obtaining a Notice-To-Proceed, CHAP requires that the applicant presents the plans to the appropriate historic district neighborhood association for review and comment.

It is strongly advised that you do not order or purchase any materials, or proceed with any work, until CHAP approval and required City permits are obtained. Any questions concerning CHAP's permit application procedures should be directed to our office at (410) 396-4866.
